

If A and B are two disjoint sets then which of the following must be true

VuAnswers.com

Answer (Please select your correct option)

☐

$$n(A \cup B) = n(A) + n(B)$$

☐

$$n(A \cup B) = n(A) + n(B) - n(A \cap B)$$

☐

$$n(A \cup B) = \phi$$

☐

None of these
